Projects

AC: NEW MURDER
Aug 2020 – Oct 2022

A fun murder-mystery video game. It's a combination of a visual novel and 3D explorer.

Director
Led the video game to completion with a small team, delegated all work, ensured collaboration, and headed the project's schedule.

Lead Writer
Wrote all in-game dialogue in ways that accentuated the character's personalities and dynamics, created the game's story, and designed the narrative progression.

Lead Artist
Created all of the game's visual assets, illustrated 10-30 expressions for 11 different characters, redesigned pre-existing characters to fit in with the game's unique style, and prototyped the look of the UI.
